PROFILE INFO

I am a proactive and detail-oriented individual, always eager to explore and implement new ideas effectively. I excel in both group and one-on-one communication, consistently demonstrating strong listening and learning skills. With a focus on achieving objectives, I apply my talents and skills efficiently, staying organized and driven to deliver results.

PROJECTS

Thabroban Hotel Website

Technologies: HTML, CSS, JavaScript, Bootstrap

- Designed and developed a responsive hotel website with Bootstrap for a modern, mobile-friendly layout and cross-browser compatibility.

Library Management System

Technologies: C#, MySQL, Object-Oriented Programming (OOP)

- Built a robust library management system that streamlines book inventory, book adding & borrowing, and user management, leveraging OOP principles and MySQL for efficient database operations.

Food Cycle

Technologies: HTML, Tailwind CSS, Laravel 11, MySQL

- Built a web app for food donation and distribution using Laravel 11, SQL, and Tailwind CSS for a responsive UI.

Sierra Fashion E-Commerce Website & Mobile App

Technologies: HTML, Tailwind CSS, JavaScript, Laravel 11, MongoDB, Dart, Flutter, API.

- Built a responsive e-commerce platform with a web interface and mobile app for product browsing, authentication, and order management.
- Used Tailwind CSS for UI, Laravel 11 and MongoDB for backend and database, and Dart with Flutter for mobile app development.
- Integrated APIs to ensure seamless communication and system scalability.

EDUCATION

2022-2026

BEng (Hons) Software Engineering
STAFFORDSHIRE UNIVERSITY

2022 (2023)

G.C.E Advanced Level
Bandaranayake College Gampaha

2019

G.C.E Ordinary Level
Thakshila College Gampaha

TECHNICAL SKILLS

- HTML5
- CSS3
- Java Script
- PHP
- MYSQL
- MongoDB
- Python
- C#
- Frameworks(MVC,Node.js)

SOFT SKILLS

- Communication
- Leadership
- Time Management
- Problems Solving
- Teamwork

LANGUAGES

- English
- Sinhala
